

LOCAL NEWS.

AMUSEMENTS TO-NIGHT.

CANTABRY.—Manager of Cantabry to receive assurance in the shape of well-filled houses, that his efforts to please the public and secure good performances are appreciated. "Cherry Belle" still reigns, and the great variety of the entertainment are maintained in the usual pleasant manner.

FORD'S THEATRE.—The admirers of Shakespeare are to be treated with the presentation of two of the productions of "The Merchant of Venice" and "Katharine and Petruchio," in which Both appears in the former as "Shylock" and in the latter as "Petruchio." It is a "large bill," but we are confident all the characters will be well sustained.

GROVER'S THEATRE.—Mr. and Mrs. Barney Williams are to receive a benefit this evening, and we trust it will be a substantial one. The bill prepared for the occasion comprises the three plays—"Barney the Baron," the fairy spectacle of the "Lakes of Killarney," and "An Hour in Seville."—Mr. and Mrs. W. appeared in six different characters. Tomorrow afternoon and evening their favorite appear for the last time in this city for the present.

THE DRAFT MEETING.—An adjourned meeting of the citizens was held at the City Hall last evening to take measures in reference to the approaching draft—Mayor Wallace in the chair.

The Mayor reported that the committee appointed at the last meeting to wait on the President of the District of Columbia, and to him a copy of the resolutions adopted, and also addressed him a letter, more fully setting forth the object of the meeting, and had received the following letter in answer to their communication:

WAR DEPARTMENT, Provost Marshal General's Office, Washington, October 15, 1864.
Hon. Richard Wallace, Mayor, Washington.—Sir: In answer to your letter of October 15th, transmitting a copy of resolutions adopted at a public meeting of the citizens of Washington, held on the 14th inst., and in which you stated that you had been to have the quota of the District of Columbia under the present call for troops reduced and the District thus released "from any and every draft," I have the honor to inform you that the subject of the demand for troops made in this District by the General Government has been frequently brought up in the last month or two by correspondence and through various channels. I thought it had been adjusted equitably and to the satisfaction of the people of the District. In your letter you ask two questions, as follows:

First: If credit will be allowed to this District for all persons who may have been drawn during the present draft and have failed to report.

Second: "If such credit has ever been allowed to any other District?"

To these questions I answer as follows, viz: To the first, credit has been allowed only to such men as are "obtained" by the draft. Persons who are drawn and fail to report are not considered by the law officers of the Government nor by this Bureau as obtained in the sense of the law; they are not, and are, he credited unless they shall be subsequently arrested and held to service.

To the second question: The rule above given applies to all Districts, and no exception is known of no case in which "persons in the employ of the General Government have been enrolled as citizens of the District of Columbia who are not temporary residents of said District, and who are subject to military orders, have left the said District, and yet have been deemed and regarded as its citizens, and when drafted, owing to such compulsory absence, have been considered deserters, and their names to be filled by said city." If you will have the names and circumstances in any such case reported to me, I will give suitable orders to meet them in the mean time. I will endeavor to ascertain if there are such cases, and if I find any I will provide for them.

The statement in the resolution of the public meeting that "nearly one-half of the drafted men are released on account of erroneous enrollment" is not correct. It is especially incorrect if we bear in mind the kind of "erroneous enrollment" to which the resolution properly relates. That is, the enrollment of persons who have been exempted on this account.

The statement heretofore made to you that the Government employees who have formed themselves into various military organizations are not enlisted into the service as soldiers, nor are they on account of their connection with these organizations exempt from draft, is hereby confirmed.

The District of Columbia is entitled to no credit on the quota of troops due from it for any service which has been rendered by any of these organizations in their performance of military duty. The quota of troops due from I am, sir, very respectfully, your obedient servant,

JAMES B. FRY,
Provost Marshal General.

The Mayor explained that the Government employees, teamsters, etc., who have been drafted and have gone away, will, when the fact is demonstrated to the authorities, be either returned to the service, or if the Government desires to retain them in its employ to their present capacity, they will be credited to our draft quota.

The Department clerks doing duty in the Department military organizations are, under this ruling, held liable to the draft here the same as any citizen.

Mr. Fred. Myers said that the Government wanted men, and he was coming to the men, and the question was how to raise them. In townships in the West some of the poorest voted a tax on themselves to pay bonuses of war or of the Government, and he thought that in this District should do as much. It might be said that the city had no authority to levy a war tax; but there were two ways in which that object could be accomplished. One was by the Government, the other by getting authority from Congress, who, he was sure, would have no objection to the District taxing itself to half a million. The District should not be left to the Government, but should be taxed on the property which the Government protects. This course had been adopted in most States, and he saw no reason why it should not be adopted here, giving three or four hundred dollars bounty, the Government would be raised. He did not think the war so near an end that another draft would not be necessary.

Mr. Walter asked if a drafted man should be found at the front?

Mr. Davis.—We will get credit for him.

Mr. Walter.—What if he ran away?

Mr. Davis.—The man must be found before the money is paid.

Mr. Elliot asked if any distinction is made between men who run away before reporting and those who are reported, and accepted and run away afterwards.

The chair replied that there could be but one decision—all men who had been accepted and were drafted, and the extension of time was the act of the Government, and the men were certainly in service as soon as accepted.

Mr. John H. Semmes stated that the Surgeon-General had reported that the Government showed the names of all whose time has been extended, and these were marked opposite, "accepted."

In answer to an inquiry, Mr. S. stated that he had been told by Mr. Blackford that if those whose time had been extended failed to report at the end of that time they would not be credited. But it was evident to him (Mr. Semmes) that Mr. Blackford had a wrong impression as to what the Government could charge against those they had once accepted.

Mr. Stitt moved to lay the resolution on the table that the opinion of the Attorney General should be obtained. He said that the Attorney General would decide that we were entitled to be credited for the extended.

Mr. C. S. Noyes suggested that there was but little chance of the Government's doing so. He said that if the Government would catch the men first and get legal opinions afterwards.

Mr. Elliot remarked that the law provided for conscription drafts until the required number is obtained.

Mr. Stitt's motion was lost, having one affirmative vote.

Mr. H. Bartlett stated that in his ward they had already got to work.

The resolution of Mr. Davis was adopted.

Mr. Noyes moved, in addition to the citizens' license in each ward to appoint three policemen in each ward to assist the committee, carried.

The following committee was appointed: Frederick C. O. Allen, John A. Allen, and Robert B. Allen, Second Ward; John A. Allen, Third Ward; John A. Allen, Fourth Ward; John A.
